

This is our moment...  
And it can be your moment too!

At Experience Matters we believe the most critical resources to building the future of our community is the time, talent and commitment of our greatest natural assets: Committed adults who want to make a difference.

**We are passionate about connecting the skills and talent of individuals age 50+ with nonprofit organizations to enhance their capacity to solve social problems.**

To help you get a better understanding of how we are promoting healthy futures for volunteers, creating real impact in your community, and how you can be a part of it, I would like to invite you to the join the discussion.

**Please join Brandon Clark, CEO, Circle the City, on January 22, 2019 10:30am-12:00pm at Midtown Respite Center (conference room) 333 W. Indian School Rd. Phoenix, AZ**

**(Please arrive 10 minutes early to get settled and sign in.)**

Please let me know if you will be able to attend by contacting Tori Jones at [tjones@experiencemattersaz.org](mailto:tjones@experiencemattersaz.org) or 714-743-3866

*Look forward to seeing you there!*
